RESTORATIVE MASSAGE

Personalized Massage for Healing & Well-Being

Hi, I'm Nancy, a Licensed Massage Therapist since October 2010, Nationally Board Certified in Therapeutic Massage & Bodywork (BCTMB), and a Certified Lymphedema Therapist (CLT). I also offer Ionic Detoxification Foot Baths as an adjunct service. I bring a warm, caring, and intuitive approach to each session, customizing every massage to your individual needs and energy so you feel comfortable and at ease.

I provide treatment and self-care suggestions to support your continued progress while helping you learn more about your body, anatomy, and therapeutic modalities. My goal is to create a welcoming space where you can relax, feel cared for, and discover what massage can do for you.
