Elevated Aesthetics. Empowered You.

NATURAL RESULTS, CLINICAL EXPERTISE,
AND A PERSONALIZED APPROACH.

With over 20 years as a nurse leader in critical care and clinical education, my aesthetic practice reflects clinical mastery, sound judgment, and principled care. That educator mindset shapes every recommendation I make. I believe patients deserve to understand their options and their anatomy, free from pressure or trend-driven influence.

My training includes advanced injector intensives, anatomy-focused masterclasses, mentorships, and ongoing education with respected leaders in aesthetic medicine, ensuring your options of care remains current, evidence-informed, and continuously evolving.
